

With special thanks to SHH user itsleroy, new images from Sony and Marc Webb's much-anticipated 'Spider-man' revision, The Amazing Spider-Man are included in a new issue of Entertainment Weekly. The Amazing Spider-Man focuses more on Peter Parker's high school days and the development of his powers while navigating the troubles of a brainy geek in high school. And starring Andrew Garfield, Emma Stone, Denis Leary, Rhys Ifans, Martin Sheen, and Sally Field, the films swings into theaters July 3, 2012 in 3D!
