

Having been a member of CBM for some time now, I have met and made friends with fellow CBM members of all ages, from every country. While we all know there is a vast array of nationalities and age groups frequenting the site, I thought it would be interesting to see just how spread out the ages are. If it's anything like the comics, this should be interesting. Are you a child trapped in a heroes body like Captain Marvel or are you so old that you will disintegrate when your containment suit comes off like Vance Astro? Having said that, I would love for everyone to chime in and click on the age group you fall into on the POLL below. What age group will consist of the most members? Be sure to voice your guess in the comment section as to which age group you think it will be. By TwitterButtons.com
