Reed Richards, Mr. Fantastic, is trying to save millions of people from perishing as Galactus consumes a planet. His wife Susan Richards, Invisible Woman, is right in the middle of a vicious underwater meeting with old Atlanteans and Namor. And Sue's brother Johnny Storm and Ben Grimm (who's temporarily reverted back to a human condition from his usual monstrous Thing mode) have to save the world and a group of kids when Annihilus and his bug-like army try to escape the Negative Zone. **WARNING: Major Spoilers Ahead!** Read no further if you've not read the issue or would rather not find out who dies! But it is in fact the Human Torch who dies in battle, as Johnny sacrifices himself to close the door and fend off the horde as Grimm reverts back to his orange rocky self, too late to help. Here are some excerpts from the press release which Marvel released earlier
