

In 1998, a comic miniseries/graphic novel by the name of 300 began running. Following the story of King Leonidas of Sparta (and his men) as they fight the Persians down to the last man in an epic showdown, the series was adapted into a full length film directed by Zack Snyder in 2007. But before that, writer Frank Miller had the art that led to the series. Without much further ado... (Click the link below to view the whole gallery)
