Director Ron Howard (or as Eddie Murphy used to call him on SNL, "Opie Cunningham") was a guest on The Howard Stern Show, and despite Ron Howard's best efforts he found himself revealing things about his adaptation of Stephen King's The Dark Tower that in other circumstances he wouldn't. Such is the power of Stern! For fans it might be a little disheartening to learn that at this point the project is only in development, which means that it's probably a long way from filming. In fact, Howard wasn't even guaranteeing that the project would reach screens at all. If it does, however, in addressing the innovative notion of creating a trilogy of films supplemented by a television series between film entries, he pointed out that the plan calls for a single six-hour miniseries that would air between the release of the first two films. So anyone envisioning a couple of seasons
