This interview is a doozy. Bacon covers his character's look and powers, scenes he shares with Michael Fassbender, action set pieces, the look and tone of the 60s style sets, and goes into quite a bit more detail on the general plot than we have heard previously. It's really long, but honestly there wasn't much I could leave out! Here is this awesome interview in it's(almost) entirety.. What can you tell us about your character, Sebastian Shaw, and how he figures into the plot? You don't see much [of his backstory] in the movie, but he's kind of a self-made man. He lost his father as a young man, made his first million by the time he was 30 and first billion by time he was 40. He's a very powerful billionaire and also, as it turns out, a mutant. He's the leader of the Hellfire Club, which is a nightclub for the
