

When it comes to the Transformers franchise, it seems the majority either love or hate them. Personally, I was never a fan of them as a kid (they were a little before my time I believe) but thoroughly enjoyable both of director Michael Bay's movies. While the acting or script may not always be the best, the man knows how to put together a fun, explosive and downright exciting movie. Anyway, here is his thank you to the fans of the franchise, posted on his site earlier today. Thank You Note From Michael Bay 06/26/2011 I just want to take the opportunity to thank all the fans around the world for letting me have fun with the Transformers franchise. It has been a wonderful opportunity to have worked with about 4000 crew members around the world. These artists are some of the very best in the entire film business. I'm honored
