

--MR FREEZE --> Comic Book History Who is MR FREEZE? Mr. Freeze, is Dr. Victor Fries (pronounced as Freeze), a DC Comics supervillain, an enemy of Batman. Created by Bob Kane, he made his first appearance in Batman #121 (February 1959). First Appearance Originally called Mr. Zero, he was renamed and popularized by the 1960s Batman television series. Dr. Victor Fries is an expert molecular biologist. As a child, freezing animals fascinate him. His parents, horrified by his "hobby", send him to a strict boarding school, where he is miserable, feeling detached from humanity. In college, he meets a woman named Nora, whom he falls in love with and ultimately marries. Victor would later find out that Nora was terminally ill. Fries takes on a job working for a large company run by a ruthless Boss. Fries discovers a way to put Nora into cryo-stasis, and places her in that state hoping to sustain her until a cure
