Continued from the same source, CineComics.Fr who've provided several spoilers for Marvel's Joe-Johnston-directed Captain America: The First Avenger film, has revealed even more. These new spoilers consist of details on Red Skull's HYDRA lair of villainy, as well Howard Stark's role with Stark Industries. While they're not too spoilery, read them at your own will. {Google Translated} Howard Stark, Tony Stark's father who later became Iron Man, will be an ally for Steve Rogers (Captain America). This scientist excited by the possibilities of tomorrow's world is truly a passionate creator. Howard is also fabricated, by a team of scientists, the shield of Captain America. On the set of the film, Rick Heinrichs confirms that they are undergoing some contruction sets [not only including] fairs of New York [where] Steve & Howard will meet for the first time, but also a famous flag of Stark Industries! The connection between the Marvel Universe is
