

Brand new TV spot for Joe Johnston's Captain America: The First Avenger, has emerged on Youtube. It features snippets of new footage! In 1942, Steve Rogers (Chris Evans) is deemed physically unfit to enlist in the U.S. Army and fight the Nazis in World War II. Volunteering instead for Project: Rebirth, a secret military operation, he is physically transformed into a super-soldier dubbed Captain America. With sidekick Bucky Barnes (Sebastian Stan), he fights the Red Skull (Hugo Weaving), Hitler's treacherous head of advanced weaponry, whose own plan for world domination involves a seemingly magical object known as the Tesseract. Captain America: The First Avenger hits cinemas July 22nd, 2011.
