

This looks to be an official still, which doesn't make to much sense considering the last one we received looked like THIS. Why shade in the detail if we have seen the full helmet/costume already? Anyway, nice to have another pic, things have been fairly quiet on the Dredd front lately. Here is a (probable) detailed plot synopsis. Mild spoiler warning.. In a future where Earth has become a radioactive wasteland, 98% of the Human Population is concentrated in the Mega-Cities, where the law is enforced by the Judges, a police force entitled to act as jury, judge and executioner. The best Judge there is is Dredd (Karl Urban), who operates in Mega-City 1. One day, Dredd is assigned to train recruit Judge Anderson (Olivia Thirlby), who had previously failed the Judge Academy, but received a second chance for being a mutant with heightened psychic abilities that might be useful. The duo is deployed
