

Pretty much positive reviews across the board, a solid 54 Million opening weekend and perhaps most importantly, very well received by the majority of fans. But some felt that the movie took too many liberties with the source material. Some that it was too cheesy, and some just hated the hell out of it for whatever reason! One way or another, now that we have all had a bit more time to digest X-Men: First Class and maybe catch it a second(or third) time, what's the final verdict? I have seen the movie twice now and possibly enjoyed it even more the second time. I stand by my initial take(check out my review [HERE](#)), but what about you? By [TwitterButtons.com](#)
