

Everyone's favorite clone, Scarlet Spidey! Could Earth 1610 Ben Reilly be the new Spidey? The new Spider-Man in the Marvel Ultimate Universe is set to debut in Ultimate Fallout #4. Internet rumors are running strong across the web that the new Spider-Man will be none other than Ben Reilly. Not to be confused with everyone's favorite clone of the 616, the ultimate version is not a clone of Peter's. From the Marvel wiki: In the Ultimate Universe, Ben Reilly an African-American lab assistant at Empire State University, working with Curt Connors. He was involved in the creation of Ultimate Carnage by combining DNA from Curt Connors with that of Spider-Man, blended with ingredients from "The Suit" (better known as Venom), making Ultimate Carnage something of a clone of Spider-Man. Incidentally, he refers to Carnage (before its escape) as
