

We've heard a few rumors surrounding the character of Lana Lang in 'Man of Steel' and now it's looking like we might have a possible frontrunner for the character, if recent reports are to be believed, Lana Lang WILL be in the movie, but it will only be a small role. My source e-mailed me this morning with some information saying that model Jennifer Kendall is one of the front-runners to play Lana Lang in Man of Steel. Along with the information I was e-mailed, actor Adam Harris who is rumored to be up for the role of Lex Luthor in the film, just tweeted that he was out with the model. We've heard before that Lana will appear in a small role. And here's the information I was sent: This information comes from the same source I've been getting information from and so far, they have not led me to believe anything they
