

Who is SHADOWCAT? SHADOWCAT is Katherine "Kitty" Pryde, a mutant with the ability to phase through solid materials, as well as render others intangible and disrupt mechanical objects by phasing through them. SHADOWCAT is a Marvel Comics character that first appeared in Uncanny X-Men #129 (Jan. 1980). She and was created by writer-artist John Byrne. SHADOWCAT was the youngest person invited to join the team of mutant superheroes the X-Men. SHADOWCAT was born in Deerfield, Illinois when she was thirteen she began experiencing headaches that signaled the emergence of her mutant powers. She was approached by both the X-Men's Charles Xavier and the Hellfire Club's White Queen. She got along better with Xavier and the three X-Men who escorted him to his meeting with her and her parents, becoming fast friends with Ororo Munroe. Ororo told Kitty who she really was and about the X-Men, which made the
