Jaren Brandt Bartlett born February 3 1988 a Canadian actor who will be donning the blue alien suit for the new Blue Beetle. He will be playing the part of Jaime Reyes (no not Ted Kord fanboys). The actor plays Alejandro in the hit TV show The Troop and as most know, theres been talk/rumor of a spin-off Beetle show too in the works. No CW Official Description is out as yet and as earlier reported Days of Our Lives actor Eric Martsolf is playing the part of DC superhero from the future Booster Gold. Jaren Brandt Bartlett LEEE777 - Well we all knew it wouldn't be Ted Kord, I for one wont see the blue & gold magic without Ted as Beetle personally, but fingers crossed CW does deliver. Bartlett has also been in the TV series Aliens In America.
