Derek Luke is in the upcoming Captain America: The First Avenger film. How exactly do we know this you ask? Because BSR! friend, and regular tipster, "Jerk-Bot", has seen the official Cap movie poster which is slated to be released this Friday! I promise I am trying to get a description of it out of him prior to its release, but in the mean time there was an interesting tidbit he passed on to us, and that's that Derek Luke's name appears on the poster. So what role could he be playing? Let the speculation begin! Aside from the fact that he could be an ancillary character made up especially for this film, there are a couple ideas floating around the BSR! staff here. 1. He could possibly be playing Sam Wilson (aka The Falcon) - long time friend and ally to Captain America. However, The Falcon came later in Steve
